## Week 4 National Cyber Security Awareness Month

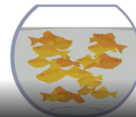

**Greetings Reader,**

**Did you know?**

October is **National Cyber Security Awareness Month**.

**Nearly 1.5 million phishing sites are created each month**

This month the focus lies on three main points: [Own IT](#), [Secure IT](#) and [Protect IT](#).

This week 21-25 Oct. (**Week 4**) we focus on:

[Secure IT](#) - **Play Hard To Get With Strangers**: how to spot and avoid phish.

[Click here](#) to download and watch the related **video**.  
**Please feel free** to use within your organisation.

Additionally, please [click here](#) to download and view our **Awareness Brochure**.
