CYBERGYM SA

CYBERGYM is a global cyber security leader, helping organisations to battle harden the teams defending their critical systems, infrastructure and sensitive data against complex, ever-evolving cyber threats. Our worldwide network of training arenas creates a risk-free environment in which to experience realistic, sustained cyber attacks. This 1-day course is aimed at all IT personnel.

Cyber Awareness Essentials Workshop

Objective:
Increase awareness across the IT organisation of common attack vectors, while

demonstrating real-time cyber attack scenarios on organisational networks.

Training outline:

- Overview of key cyber security concepts
- The hacker point of view
- Cyber attack case studies
- Live cyber attack demonstrations:
 - Nikto
 - Smokescreen
 - Cross site scripting
 - Infection (Java exploit)
 - Scanner
 - Event logs deletion
 - Ransomware

Training Dates:

25 September 2019
23 October 2019

Cost:

R5 250 per person

Location:

Building 1, Pendorong Office Park
299 Pendorong Road
Blackheath, Northcliff
2195, Johannesburg, South Africa
