Week 2 National Cyber Security Awareness Month

Greetings Reader

October is **National Cyber Security Awareness Month**.

This month the focus lies on three main points: **Own IT, Secure IT and Protect IT**.

This week 7-11 Oct. (**Week 2**) we focus on:

Own IT. - **Update Privacy Settings.**

Secure IT. - **Double Your Login Protection:** turn on multi-factor authentication.

Protect IT. - **Stay Protected While Connected:** Wi-Fi safety.
